DETAILED ACTION

Response to Amendment

1. This is in response to the Amendments filed on September 30, 2004.
2. Claims 1-12 are currently pending in this application. Claims 8-11 have been withdrawn as directed to a nonelected invention. Election was made without traverse in the Paper filed on September 10, 2003.
3. Upon further consideration, a requirement for an Election of Species is issued as follows.

New Election/Restrictions

4. Claims 1-7 and 12 are generic to a plurality of disclosed patentably distinct species of laminate structures. The election of an ultimate species of the laminate structures, comprising specific compositions of the sheet layer connected to one of the protective sheet layers and of the thermally molded resin, is required for search purposes.
5. Applicant is required under 35 U.S.C. 121 to elect a single disclosed species, even though this requirement is traversed.

Should applicant traverse on the ground that the species are not patentably distinct, applicant should submit evidence or identify such evidence now of record showing the species to be obvious variants or clearly admit on the record that this is the case. In either instance, if the examiner finds one of the inventions unpatentable over the prior art, the evidence or admission may be used in a rejection under 35 U.S.C. 103(a) of the other invention.

Art Unit: 1711

6. A telephone call was made to Ms. Zeba Ali on October 26, 2004 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

7. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

8. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Thao T. Tran whose telephone number is 571-272-1080. The examiner can normally be reached on Monday-Friday, from 8:30 a.m. - 5:00 p.m..
